

## GT Racing: Motor Academy

After publishing several high quality racing games, Gameloft is giving you the chance to enter the fascinating world of racing simulation.

Access the greatest licensed content ever for a racing game on the App Store, including over 100 cars from the world's most famous manufacturers like Ferrari, Lamborghini, Audi, Nissan and even Mercedes. Take your wheels for a spin on 14 tracks (many of them Alpine branded), including the iconic Mazda Raceway Laguna Seca, as well as urban and even rally tracks, while using the virtual Alpine radio to listen your music stored on your iPhone® or iPod® touch.

Pass driving tests, win cups and conquer more and more challenges to become a racing legend in GT Racing: Motor Academy

### Key Features:

- 24 manufacturers and more than 100 licensed cars to buy, drive and upgrade: Nissan GT-R, Audi R8, the best Ferrari models and even the Ford Model T.
- A new and very elaborate physics engine particular to each car for the most realistic driving simulation on the App Store. Master your racing skills and tune your car just right to maximize performance.
- A great variety of Alpine branded tracks, from the official Mazda Raceway Laguna Seca to urban tracks, speed rings and rally tracks.
- A huge and fascinating career mode: Pass license tests, and enter to win increasingly prestigious racing events.
- Alpine radio with touch interface lets you select and enjoy all your music stored on the iPhone® or iPod touch® while racing the tracks
- Play against drivers from all over the world with local and online multiplayer for up to 6 players. Reach the top of the GT Racing: Motor Academy leaderboards.
- Listen to your own library of music while playing and post your best replays on YouTube to show off your driving skills.
